The North Carolina Bar Association's Judicial Performance Evaluation reports for the 2016 election cycle are available at *electncjudges.org*. For these reports, North Carolina lawyers were surveyed and asked to assess the performance of judges about whom they had sufficient professional contact to evaluate their integrity and impartiality; legal ability; professionalism; communication; administrative skills; and overall performance.

Phase I of the survey was conducted Oct. 5-26, 2015. Phase II was conducted Dec. 23, 2015, through Jan. 20, 2016. The results of these two surveys will be combined in a brief report for the primary election, scheduled March 15. Following the primary, a final report will be produced for the November election. The reports are provided as a public service by the North Carolina Bar Association and its Judicial Performance Evaluation Committee, and are not intended as a recommendation or endorsement of any candidate.
