

# Judicial Performance Evaluation Survey – 2016 Election Edition

North Carolina Bar Association, October 2016

The Judicial Performance Evaluation (JPE) Committee of the North Carolina Bar Association is pleased to provide the **2016 Election Edition for contested District Court and Superior Court judgeships**. This document combines the results of Phase I of its survey of North Carolina Superior and District Court judges elected or appointed to the bench before March 31, 2015, whose terms expire in 2016, and a second survey (Phase II) conducted after the December 2015 filing period in which attorneys evaluated Superior and District Court judges appointed after March 31, 2015, whose terms expire in 2016, and lawyers who filed for election to the Superior or District Court in 2016.

Candidates who filed during special filing periods that occurred after the surveys were conducted and not evaluated are denoted as such in the table of contents.

Since 2012, the North Carolina Bar Association has provided voters in this state with the opportunity to review evaluations of sitting judges and non-incumbent candidates. Complete results of the Phase I and Phase II surveys for the 2016 election are available online at [ElectNCJudges.org](http://ElectNCJudges.org), as is the electronic version of this 2016 Election Edition.

BDO USA, LLP, a national accounting firm with local offices in Raleigh, conducts the surveys and serves as gatekeeper throughout the survey process, ensuring that only persons meeting the survey requirements were allowed to participate and that those who did participate remained anonymous. The NCBA also employed statistician Larry Nelson, a retired member of the faculty at North Carolina State University, to evaluate the methodology to ensure that the survey would encourage the most participation possible and generate statistically valid results. The NCBA and its JPE Committee are forever indebted to Professor Nelson, who died Aug. 13, for his contributions to this endeavor.

Attorneys with an active North Carolina law license rate incumbents and non-incumbent candidates with whom the attorney has sufficient professional interaction in the six categories below, using a scale of 5 (excellent), 4 (good), 3 (average), 2 (below average) and 1 (poor):

- 1. Integrity and Impartiality** | Judge is fair to all persons, bases decisions on facts and law, and refrains from inappropriate ex parte communications;
- 2. Legal Ability** | Judge demonstrates knowledge of law and rules of procedure and evidence;
- 3. Professionalism** | Judge exercises patience, is courteous to all and attentive to proceedings at hand, fulfills out-of-court duties and responsibilities, and upholds the dignity of the office;
- 4. Communication** | Judge speaks clearly and understandably, prepares coherent decisions, and carefully reviews orders before entry;
- 5. Administrative Skills** | Judge is punctual and prepared, controls the courtroom appropriately, uses courtroom time efficiently, enforces deadlines appropriately, makes timely decisions, and enters orders promptly; and
- 6. Overall Performance** | Rate the judge's overall performance.

The reports are provided as a public service by the North Carolina Bar Association and its Judicial Performance Evaluation Committee, and are not intended as a recommendation or endorsement of any candidate.
