Olympic sites teeming with viruses

By DIEU-SENDE - Just days ahead of the Olympic Games, the waters-ways of Rio de Janeiro are as filthy as ever, contaminated with raw sewage teeming with dangerous viruses and bacteria, according to a 16-month-long study commissioned by The Associated Press.

Not only are some 1,400 athletes at risk of getting violently ill in water competitions, but tests indicate that tourists also face potentially serious health risks on the golden beaches of Ipanema and Copacabana.
